

AAKASH PATEL

Team: Finance

Location: London

Contact: aakash.patel@pmctreasury.com

My role at PMC

I am part of the finance team based in London. I manage the companies accounts payable and receivables globally. In addition to this, I am involved in developing financial reports and models that shows future/historical revenue.

A typical day

There will always be a few day-to-day repetitive admin tasks in finance. I can say this is a segment of my morning. However, no day is the same. Every day, I am finding myself getting involved with something new, or speaking to someone different and learning from them.

What I like best about PMC

Being part of a growing company and getting involved in all areas of finance. We are a small finance team, and it allows me to grow my skills and knowledge by working alongside our financial controller and CFO.

How I spend my spare time

In my spare time, I enjoy playing football and tennis at the local club. Tennis is always a friendly with friends, but football is extremely competitive. Always love a good challenge and a run around. In addition to this, I always love a pint – especially after a win in football.

Get in touch with me

I have plenty more to share about my own experience and the culture at PMC. The company has grown so much since I started and has plenty more opportunities. If you would like to know more then please get in touch.
